

Pricing

At oaSES we believe that providing a great system and a cost-effective price go hand in hand. We think our prices are good value and are fairly based on system usage.

For a limited time, we have special pricing for oaSES.

- We charge a one-off fee of \$495 currently reduced to \$299. This includes three hours of online training and also access to the training, support and knowledge base resources.
- After that we bill per recorded student hour on a monthly basis with rates as low as \$0.20/hr depending on monthly volume.

Give us a call on 866-327-003 or contacting us.
