

oaSES answers FL RFA Questions

Last Updated Thursday, 21 February 2008

As the deadline for the FL RFA approaches we thought we'd highlight some areas that the oaSES system addresses for the upcoming academic year. From "Contact Information Website" (Q 4.1) through to "Background Checks" (Q 5.5.6), the oaSES system can help with many aspects of your application.

Breakdown of oaSES features that directly assist in your FL RFA.

RFA Question Requirement oaSES Feature

4.1 Contact Information & "Website" In addition to the oaSES system, we can design and host a unique, professional website for any SES provider.

4.4 School Districts All Florida School districts SES contact information as well as site based administrators is provided and stored within oaSES

4.5.2 Staff Qualification oaSES records, monitors and track qualifications of staff including certification and Level II background clearance.

4.5.3 Type of Instruction oaSES is customized for individual, in-home, distance learning, small group and large group providers.

4.5.4 Grade Level oaSES is customized for all grade levels served K-12.

4.6.1 Capacity oaSES works for small, medium and large SES providers.

4.6.2 Location of Service oaSES allows any service location to be specified and used.

4.6.3 Transportation oaSES can handle all transportation schedules.

4.7.1 Cost of Service oaSES is configurable for all rates per student per hour based on group size and or mode of instructional delivery.

5.1 Achievement Data oaSES stores all specific student achievement data including quantitative data that documents student learning gains

5.2.1 & 5.2.2 Curriculum/ Key Instructional Strategies With an oaSES provided website, SES providers can store and/or link to essential documents for any give curriculum and key instructional strategy.

5.3.1, 2 & 3 Prospective provider curriculum correlated to Florida Sunshine State Standards, integrated with District and coordinated with classroom instructional program oaSES has a direct link to FL SSS and GLE's and can link to district websites as well as classroom teacher's e-mail.

5.4 Abbreviated SLP and Timetable for Instruction oaSES has customized posting of SLP's including specific timeline for instruction and progress monitoring

5.4.1 Pre/Post Assessment Data With oaSES , providers can direct record/post and report on individual students. Subsequent reports can be generated by individual, school, grade level or special classification (ESE, ESOL, 504)

5.4.3 Progress Reporting oaSES can communicate each provider's progress reports to student's families, districts, administrators and classroom teachers

5.4.4 Student Attendance/Verification With oaSES, student attendance can be recorded daily and directly reported in a multitude of formats; most frequently utilized by providers monthly for invoicing. There are simple/ quick click layers to verifying student attendance: submitted, reviewed, approved. When a student misses a session there name is highlighted for the assigned tutor to contact family. A note is then recorded in the student profile.

5.5.1 Provider's Infrastructure oaSES is configured for each provider's infrastructure. Limited access viewing and reporting can be established to ensure all points of confidentiality.

5.5.2 Recruiting, Hiring and Initial Training An oaSES website can be customized for all documentation related to recruiting and hiring. Customized initial training Powerpoints and/or video can be hosted at the provider websites.

5.5.3 Professional Development oaSES provider websites can post all training documents via Powerpoint and/or video. Attendance tracking and reporting for Professional Development.

5.5.4 Supervising Tutor oaSES has a function to record, track and report tutor observations, ratings and compliance with process, procedures to ensure optimal program implementation with fidelity

5.5.5 Monitoring Program oaSES allows all aspects of program monitoring to be accessed and addressed 24/7. The monitoring reports (at the click of a button) include: tutor/student ratio, inventory, training and distribution of instructional materials, beginning services within 20 days of assignment …

5.5.6 Background Check oaSES tracks and maintains documentation for all background screening clearance for all employees.
