

## oaSES Attend FL RFA Meeting 1/15/09

Last Updated Thursday, 30 April 2009

A team from oaSES attended the the "Technical Assistance Meeting to become an SES Provider for the 2009-2010 School Year" to be held on Orlando on 15th January 2009.

We focused on identifying the new requirements communicated by the FL DOE for the upcoming academic year, so we can ensure that future oaSES updates address those points. We also introduced ourselves to existing and prospective SES providers to get their feedback relating to how we can better develop the oaSES system to address their needs.
