

Testimonials

Last Updated Tuesday, 23 June 2009

A selection of testimonials from oaSES clients. We are happy to provide details of current clients who can give you real-world feedback on the power and user-friendly nature of oaSES. Contact us on 866-327-0035 for more details.

"The customer service is outstanding. Our questions are answered by a live person on the phone whenever we call. Also, the staff are willing to modify the program as much as possible to fit our program needs. The preloaded data and student reports are very helpful in meeting NCLB and SES requirements. oaSES has been a great investment and keeps us organized!"

- Hope, VA SES Provider

"oaSES has proved to be an invaluable resource for our SES business. Student attendance, learning plans, progress reports and payroll are all streamlined to a high level of efficiency. We save time and money when generating reports. The online interface allows users (i.e. tutors and administrators) the ability to access the program at anytime or anyplace. The oaSES team is dedicated to developing a program that is aligned to the standards and requirements of each state."

- Nicole, GA & MI SES Provider

"oaSES is a very valuable tool in tracking our SES program. It saved us hours of time with record keeping, monitoring student lists, used/remaining PPA and invoicing. Everything looked very professional but yet was user friendly. We plan to continue using it next year."

- Brenda, AZ SES Provider
